

# NEW: Freedom60® Now Compatible with

AmDel Medical is proud to announce that the **Freedom60® Syringe Infusion Pump** is now cleared for use with **HIZENTRA® 50 mL PFS** across Europe. This milestone reflects our continued commitment to safe, reliable, and patient-centered home infusion.

**Freedom60®**  
INFUSION SYSTEM

## WHAT'S NEW

- Comes ready for PFS use with 2 reusable adapters per box
- Integrated feet to improve stability
- Two simple, color-coded operating knobs: black large wind knob and green ON/OFF switch
- Includes HIZENTRA® 50 mL PFS Adapter

## WHY IT MATTERS

### Expanded Compatibility

Supports CSL HIZENTRA® 50 mL PFS administration.

### Operational Simplicity

Reduces need for vial-to-syringe transfer and supports efficient patient onboarding.

### Trusted Performance

Same Freedom60® reliability, ease of use, mechanical design, no batteries, no programming.

## WHAT'S NOT CHANGED

### Compatible with:

- Precision™ Flow Rate Tubing
- High-Flo™ SubQ Needle Set
- Precision™ Flow Rate Controller
- BD®\* Plastipak™ Luer-Lok® 50 mL Syringe
- Medline® 60 mL Luer Lock Syringe

\* Becton Dickinson & Co.

† Not supplied

Arrives ready-to-use  
with HIZENTRA® 50 mL  
PFS right out of the box.
